

[Macro World](#) [1]

From May 1st 2012 , Macro World - the realm inhabited by 11 gigantic arthropods, will be open!

In Macro World you will come face to face with creatures such as the ladybug, praying mantis, or damselfly. Each of these bugs is several meters long, which allows you to see their anatomy in closeup!

All this is a part of an educational trail designed to introduce you to the mysterious world of insects!

Come and see the amazing Macro World!
