

[The Lost World](#) [1]

WELCOME TO THE LOST WORLD..... A PLACE INHABITED BY OVER 40 DINOSAURS! THIS IS A WONDERFUL PLACE FOR CHILDREN TO STRETCH THEIR IMAGINATION AND EXTEND THEIR KNOWLEDGE OF NATURAL HISTORY!

The educational trail features information boards (where facts about the very origins of life on our planet are presented in an easy- to-understand way) and covers over 5 hectares. The Dinosaur models are arranged in such a way as to illustrate the evolution of species from water to land. The largest of our dinosaurs is the Diplodocus - over 27 meters high!

Thrilling dinosaur sounds which can be heard in the Lost World will impress children and adults alike. Visitors are greeted by a magnificent gateway right in the middle of the forest.

The park also includes the Amber Labyrinth, where you can become an amber hunter for a day!

The Lost World is the perfect place for the whole family to have fun together!!!
